Foreword

GCC Standardization Organization (GSO) is a regional Organization which consists of the National Standards Bodies of GCC member States. One of GSO main functions is to issue Gulf Standards through specialized technical committees (TCs).

GSO through the technical program of committee TC No.2-1: " The Gulf technical Subcommittee for vehicles and tyres standards" has adopted the International Standard No. : ISO 19438:2003 "Diesel fuel and petrol filters for internal combustion engines – Filtration efficiency using particle counting and contaminant retention capacity " issued by International Organization for Standardization which has been translated into Arabic. The Draft Standard has been prepared by Kingdom of Saudi Arabia

This standard has been approved as Gulf Standard without any technical modifications by GSO Board of Directors in its meeting No..../....held on / / / H , / / G
