Agenda

- Motivation for a Pre-Commercialization Program
- Introduction to Funding Opportunity: **2020-NIST-PSIAP-TABA-01**
 - Overview
 - Location on Grants.gov
 - Business and Technical Assistance Funding
 - Demonstration Project Funding
 - Eligibility Requirements
 - Deep Dive into Application Requirements
- What's Next for the Pre-Commercialization Program

Motivation for a Pre-Commercialization Program

#PSCR2020

PSCR's Mission:

5 KEY RESEARCH AREAS

LMR to LTE

USER INTERFACE USER LOCATION-BASED EXPERIENCE **MISSION CRITICAL** VOICE

SERVICES PUBLIC SAFETY ANALYTICS

SECURITY

RESILIENT SYSTEMS

CROSS CUTTING RESEARCH AREAS

HOW ARE WE DOING THIS?

INTERNAL RESEARCH

EXTERNAL RESEARCH

Open Innovation Program

PSCR Impacts – Overview

PSIAP Grant Program:

- **167** Total Award Recipients, Subcontractors & Public Safety Practitioners
- **123+** Professional Journal & Conference Publications cited in over **50** countries
- **20+** Publicly available open source code, VR environments & analytic frameworks
- **1** U.S. Patent Granted, **3** Patent applications submitted for PSCR-funded products

Open Innovation Program:

- **12** Challenges launched garnering over **350** submissions
- Participants from **20** U.S. States and **7** countries
- **Over \$2.1 Million** in Prizes awarded to-date to over **130** winning teams

Your Innovation Efforts:

Pre-Commercialization Goal

"Innovation is more than a new idea or an invention. An innovation requires implementation, either by being put into active use or by being made available for use by other parties, firms, individuals or organizations."

- 2.1 Oslo Manual 2018

Goal: To advance the innovative communication technology for public safety along each of their technology's innovation pathway while supporting the development/longevity of the teams, organizations or small businesses.

Notice of Funding Opportunity (NOFO): 2020-NIST-PSIAP-TABA-01

100

Overview of 2020-NIST-PSIAP-TABA-01

Follow-on Funding for Technical and Business Assistance and Demonstration Projects with Public Safety Agencies

Funding Instrument: Grant or Cooperative Agreement; no cost sharing requirements
 Timeframe for Funding Opportunity: Applications will be accepted and considered on a rolling basis as received and subject to the availability of funding.

Overview of 2020-NIST-PSIAP-TABA-01

Focus: The NIST PSIAP is seeking applications from eligible organizations - previous entities that were awarded a grant, cooperative agreement, prize challenge, Small Business Innovation Research, Small Business Technology Transfer award or subaward by a federal entity, such as NIST Public Safety Communications Research Division, National Telecommunications and Information Administration, Department of Homeland Security, etc, for communication technology innovation focused on public safety - to propose activities that will either: (1) more rapidly advance their prototypes through needed technical and business assistance or (2) execute a demonstration project with a partnering public safety agency, to provide additional testing and research.

Technical and Business Assistance Opportunity

(1) Rapid Prototype Advancement through Needed Technical and Business Assistance (\$5,000 - \$25,000) Should be at a minimum TRL of 3

- (a) name what type of needed technical and business assistance would assist them in more rapidly advance their prototypes or business/entity;
- (b) describe why they feel this specific assistance would assist their research/prototype, and
- (c) from where they would receive this type of assistance.

Technical and Business Assistance Opportunity assistance with securi g intellectual property licensing assistance; business model canvas; conducting market research; technology readiness levels tests; business plan assistance; financial planning for manufacturing/sourcing assistance; pitch assistance;

Technical and Business Assistance Opportunity

Research other free or low-cost assistance, programs and services provided by federally-funded resource partners:

- <u>Manufacturing Extension Partnership</u> <u>Centers</u>
- FAST Grant designees for businesses interested in applying for SBIR and STTR funding
- Federally funded accelerators

SBA Local Resource Partners: <u>https://www.sba.gov/local-</u> assistance/find/

- SCORE chapters;
- Small Business Development Center Centers (SBDC);
- Women's Business Centers (WBC);
- Procurement Technical Assistance Centers (PTAC)
- Veteran Business Outreach Centers (VBOC);
- And many other resources.

Demonstration Project Opportunity

Technology Readiness Level

(2) Demonstration Project with Partnering Public Safety Agency (\$50,000 - \$200,000)

Minimum: 4 rating. Applicants should seek to validate or demonstrate their prototype in a relevant public safety environment (TRL 5 or 6 rating) or conduct a prototype demonstration in the public safety field (TRL 7 rating).

Up to one-year user testing and demonstration project; applicants may include funding in their proposed budget for non-federal first responders and public safety personnel.

Eligibility Requirements

This NOFO is open to entities that have been awarded from a federal agency:

- a grant or cooperative agreement
- a Small Business Innovation Research and Small Business Technology Transfer awards
- a prize challenge

for a public-safety focused communication technology innovation.

Eligibility Requirements

Remember:

- NIST will only consider one application per applicant, for a single technology innovation, at a time.
- In addition, applicants may only request funding for either (1) technical and business assistance or (2) a demonstration project, in a single application.
- After completion of one award or if the first application is not funded, applicants may reapply to this NOFO for the other type of funding offered under this program, e.g. business assistance or demonstration project, for their technology innovation.

Application Requirements:

Technical and Business Assistance – Technical Proposal

What assistance would you need that will make a measurable difference in their process to bring their public-safety focused communication technology product to market?

IP Ownership Disclosure

Application Requirements: Demonstration Project – Technical Proposal

How would a demonstration project with a public safety agency either validate or demonstrate your prototype in a relevant public safety environment (TRL 5 or 6 rating) or conduct a prototype demonstration in the public safety field (TRL 7 rating)?

IP Ownership Disclosure
 Letter from Partnering Public Safety Agency
