Gaithersburg, Maryland 20899-0001

DATE: 21 May 2025

Product Identifier

SRM Number: 1224
SRM Name: Carbon Steel (AISI 1078)
(disk form)

Under the U.S. Department of Labor, Occupational Safety and Health Administration (OSHA) 29 CFR 1910.1200, this Standard Reference Material (SRM) is NOT classified as a physical hazard or a health hazard, a simple asphyxiant, combustible dust, pyrophoric gas, or hazard not otherwise classified. There are no hazard pictograms, hazard statements or signal word associated with it. Safety Data Sheet information is not required. This document may be used in conjunction with your hazard communication program. Articles are exempted per 1910.1200(c).

Description: This Standard Reference Material (SRM) is intended primarily for use in validation of chemical and instrumental methods of analysis for elemental content of iron and steel alloys. This SRM can also be used to validate value assignment of a laboratory's in house reference materials. A unit of SRM 1224 consists of one disk approximately 32 mm in diameter and 19 mm thick.

Disposal: SRM 1224 should be disposed of in accordance with local, state, and federal regulations.

Transport Information: This material is not regulated by the U.S. Department of Transportation (DOT) and/or International Air Transportation Association (IATA).

Disclaimer: The NIST information in this document is specific to the NIST product and is believed to be correct, based upon our current knowledge. This document may not necessarily be all inclusive and should be used only as a guide. NIST does not guarantee the accuracy or completeness of this information. The only official source for specific values and uncertainties is the certificate or report.

Users of this SRM should ensure that this document and the corresponding Certificate of Analysis in their possession are current. This can be accomplished by contacting the SRM Program: telephone (301) 975-2200; e-mail srmmsds@nist.gov; or via the Internet at https://www.nist.gov/srm.
